Description of the event

It gives us great pleasure to announce that Peter Hanseler will be speaking at the InputEvent in the Stadtsaal, Kloten on Friday, March 22, alongside Russian Ambassador Sergei Garmonin and top Swiss diplomat Jean-Daniel Ruch.

The concept of this event is called "Dinner with Input" and starts at 6 pm. Dinner will be served and the three speakers will give short talks in between. This will be followed by a discussion with the speakers and questions from the audience, led by Remko Leimbach.

You are loyal readers of our blog and I would be delighted if you could find the time to attend this event so that we can exchange a few personal words.

Maria Avilova and our Technical Director, Denis Dobrin, will also be attending.

Denis will accompany the event with his piano skills.
